

ROYAL BAHRAIN CONCOURS
ROYAL GOLF CLUB
6-7 NOVEMBER 2026

CELEBRATING THE VERY BEST ARABIAN CAR CLUBS
AT THE ROYAL BAHRAIN CONCOURS

RBC CAR CLUBS

RBC CAR CLUB DISPLAYS

Each individual will be represented under the umbrella of the 'RBC Car Clubs', with each entrant admitting both a driver and a passenger. This will permit each car to be parked as part of the RBC Car Club umbrella within the Royal Golf Club ground. We will have a maximum of 100 cars featuring under the umbrella of the 'RBC Car Clubs' on display, and they will be 'hand curated' by the RBC Car Club Steering Committee.

FEATURE CLASSES

As an extension of the RBC Car Clubs, this year's event will feature a selection of exciting displays and dedicated feature classes, celebrating different areas of motoring culture.

■ Thirty Under 30

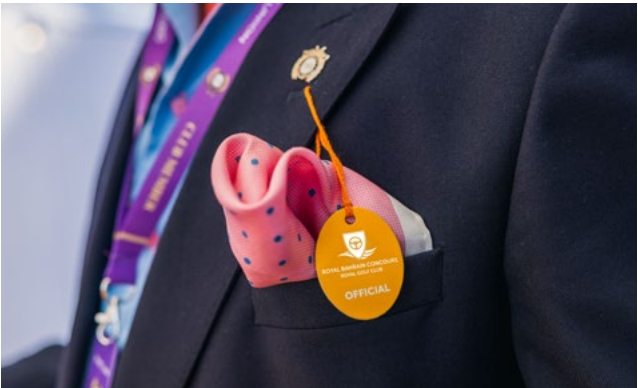

The Thirty Under 30 Class shines a spotlight on the young enthusiasts who are carrying the torch for the future of motoring heritage.

■ Restomod & Modified

The Restomod & Modified Class celebrates the visionaries who reinterpret motoring heritage for the modern age.

■ The 4x4 Trailblazers

The 4x4 Class pays tribute to the vehicles that redefined exploration, utility, and endurance across every terrain imaginable.

RBC CAR CLUB PARTICIPATION

RBC CAR CLUB PARTICIPATION FEE

The RBC Car Club participation fee is 140 BHD per car and includes participation under RBC Car Club and feature Classes, that will be determined during the selection. Admission to both days of the event for one driver and one guest, and access to the RBC Car Club tent. The tent will offer complimentary tea and coffee, as well as an elevated area where participants can relax and connect. Each participant may enter one car. A second car may be considered, subject to approval by the Steering Committee.

HOW TO GET INVOLVED

Participants must submit photos of their car, along with its make, model, year and a short history of the vehicle. Once the photos and vehicle information have been submitted, the RBC Car Club Steering Committee will review the application and decide whether the car has been accepted for display.
